

OFFERING TURN-KEY SOLUTIONS SINCE 1986

Call us so that we can fix, paint and clean your clients home!

MSD Engineering and Mining Supplies (MSD) was established in 1986.

Being property owners ourselves we understand the maintenance that it takes to keep a home in tip-top condition, more so we understand the need for maintenance when you rent your property out! Therefore we have implemented a structure within our business to assist in 'fixing' properties for the next tenant and/or for letting agents.

MSD delivers total project commitment to our clients by providing an extensive range of qualified, highly skilled, tried and tested innovative experienced trades' people who are confident and competent in selection, operation, service and maintenance. As a maintenance services provider we are able to attend to ALL your maintenance needs, from the ceilings to the floors to the lawns outside. All installations, repairs, garden maintenance and general maintenance are covered by our professional staff.

Maintenance includes, but is not limited to ...

- Home repairs and general maintenance
- Electrical repairs
- Tiling and flooring
- Painting
